## **We don't underestimate people.**

SeeAbility is genuinely passionate about improving lives and delivering excellent outcomes.

We have one of the country's most comprehensive in-house team of specialists, ensuring our approach is person-centred and expert-led, based on positive behaviour support.

The team includes consultant behaviour analysts, speech and language therapists, physiotherapists, optometrists, and vision rehabilitation workers.

The people we support at Buckinghamshire Support Service can live more independently as active participants in our communities, and make more choices about what they want from life every day.

## **Where to find us**

Located in a lovely part of Aylesbury, Buckinghamshire Support Service is close to good transport links.

The service is also close to the town centre and all its amenities including a cinema, theatre, shops, swimming pool, and gym.
