Honiton Devon Support Service

About SeeAbility

SeeAbility has a strong heritage – in fact we're one of the oldest disability charities in the UK. We've pioneered specialist support for over 225 years and we're passionate about supporting people with disabilities to achieve their goals and live inclusive lives in local communities.

All our services are registered with the Care Quality Commission (CQC) and we are proud to have one of the highest compliance levels in the social care sector.

At the heart of our work is supporting people to live ambitious and fulfilling lives. Whether that's forming more friendships and relationships, trying new experiences, or finding paid employment, we're committed to creating opportunities for people with sight loss, learning disabilities and autism.

Our committed team of specialists work alongside our support teams, providing a unique combination of vision rehabilitation expertise and positive behaviour support in supported living accommodation and residential homes located across the south of England.

The supported living environment in Honiton specialises in supporting adults with learning disabilities, including those who may also have sight loss. The home is nestled next to the Blackdown Hills (an Area of Outstanding Natural Beauty) and is within walking distance of Honiton's bustling town centre. Direct access to London is available from Honiton Railway Station.

Our location

"The Jurassic Coast is only a short drive away, offering day trips to the seaside and some of Devon's most stunning scenery."

Accommodation

Nestled next to the rolling countryside of the Blackdown Hills, while being only a stone's throw from the nearby Honiton Town Centre, Windmill Court offers a relaxed pace of life coupled with easy access to local amenities.

The supported living house features eight self-contained flats and one twin-occupancy apartment.

Each features its own living space, complete with either a bathroom or shower room. Each flat also has its own kitchen, where people are supported to prepare their own meal plans and cook their own dishes.

Community is important at Windmill Court – people enjoy spending time with their friends in the large shared communal area, where they can relax and socialise.

Our specialist support

SeeAbility is unique in providing in-house specialist support, including vision rehabilitation and, where commissioned, positive behaviour support (PBS). Our focus is on encouraging people to challenge themselves to achieve their own goals and get the most out of life, while supporting increased independence and choice.

Vision rehabilitation

People with learning disabilities are ten times more likely to have sight problems, and it's vital they get the right support when they need it. The Vision Rehabilitation Team works with people who have vision impairments or sight loss to support them with increasing independence. That could be anything from learning to make a cup of tea, to learning a route to work.

Positive behaviour support

Our PBS specialists carry out functional assessments of any behaviour that is challenging a person and their team, working alongside the person supported, their family, and their support team. They work collaboratively to develop functionally equivalent skills, so the person can communicate in a way that meets their needs in a safe way.

Active support

Our teams are trained in Active Support, an approach to support that focuses on empowering people to take part in every day tasks, helping them to build their independence, confidence and skills.

This approach, across our homes, means our support is always challenging people to achieve more and take control of their lives.

Please note: PBS services are reliant on specifically commissioned funding. Please speak with your SeeAbility contact if you would like the support to include these.

Finding community at Windmill Court

People living at Windmill Court make close friends both among their neighbours and in the local area. Our support team works with each person to identify their hobbies and interests, ensuring they have regular opportunities to take part in activities they enjoy – whether that's enjoying some downtime at local cafés and restaurants, going to the cinema, spending time at the library or exploring nearby green spaces.

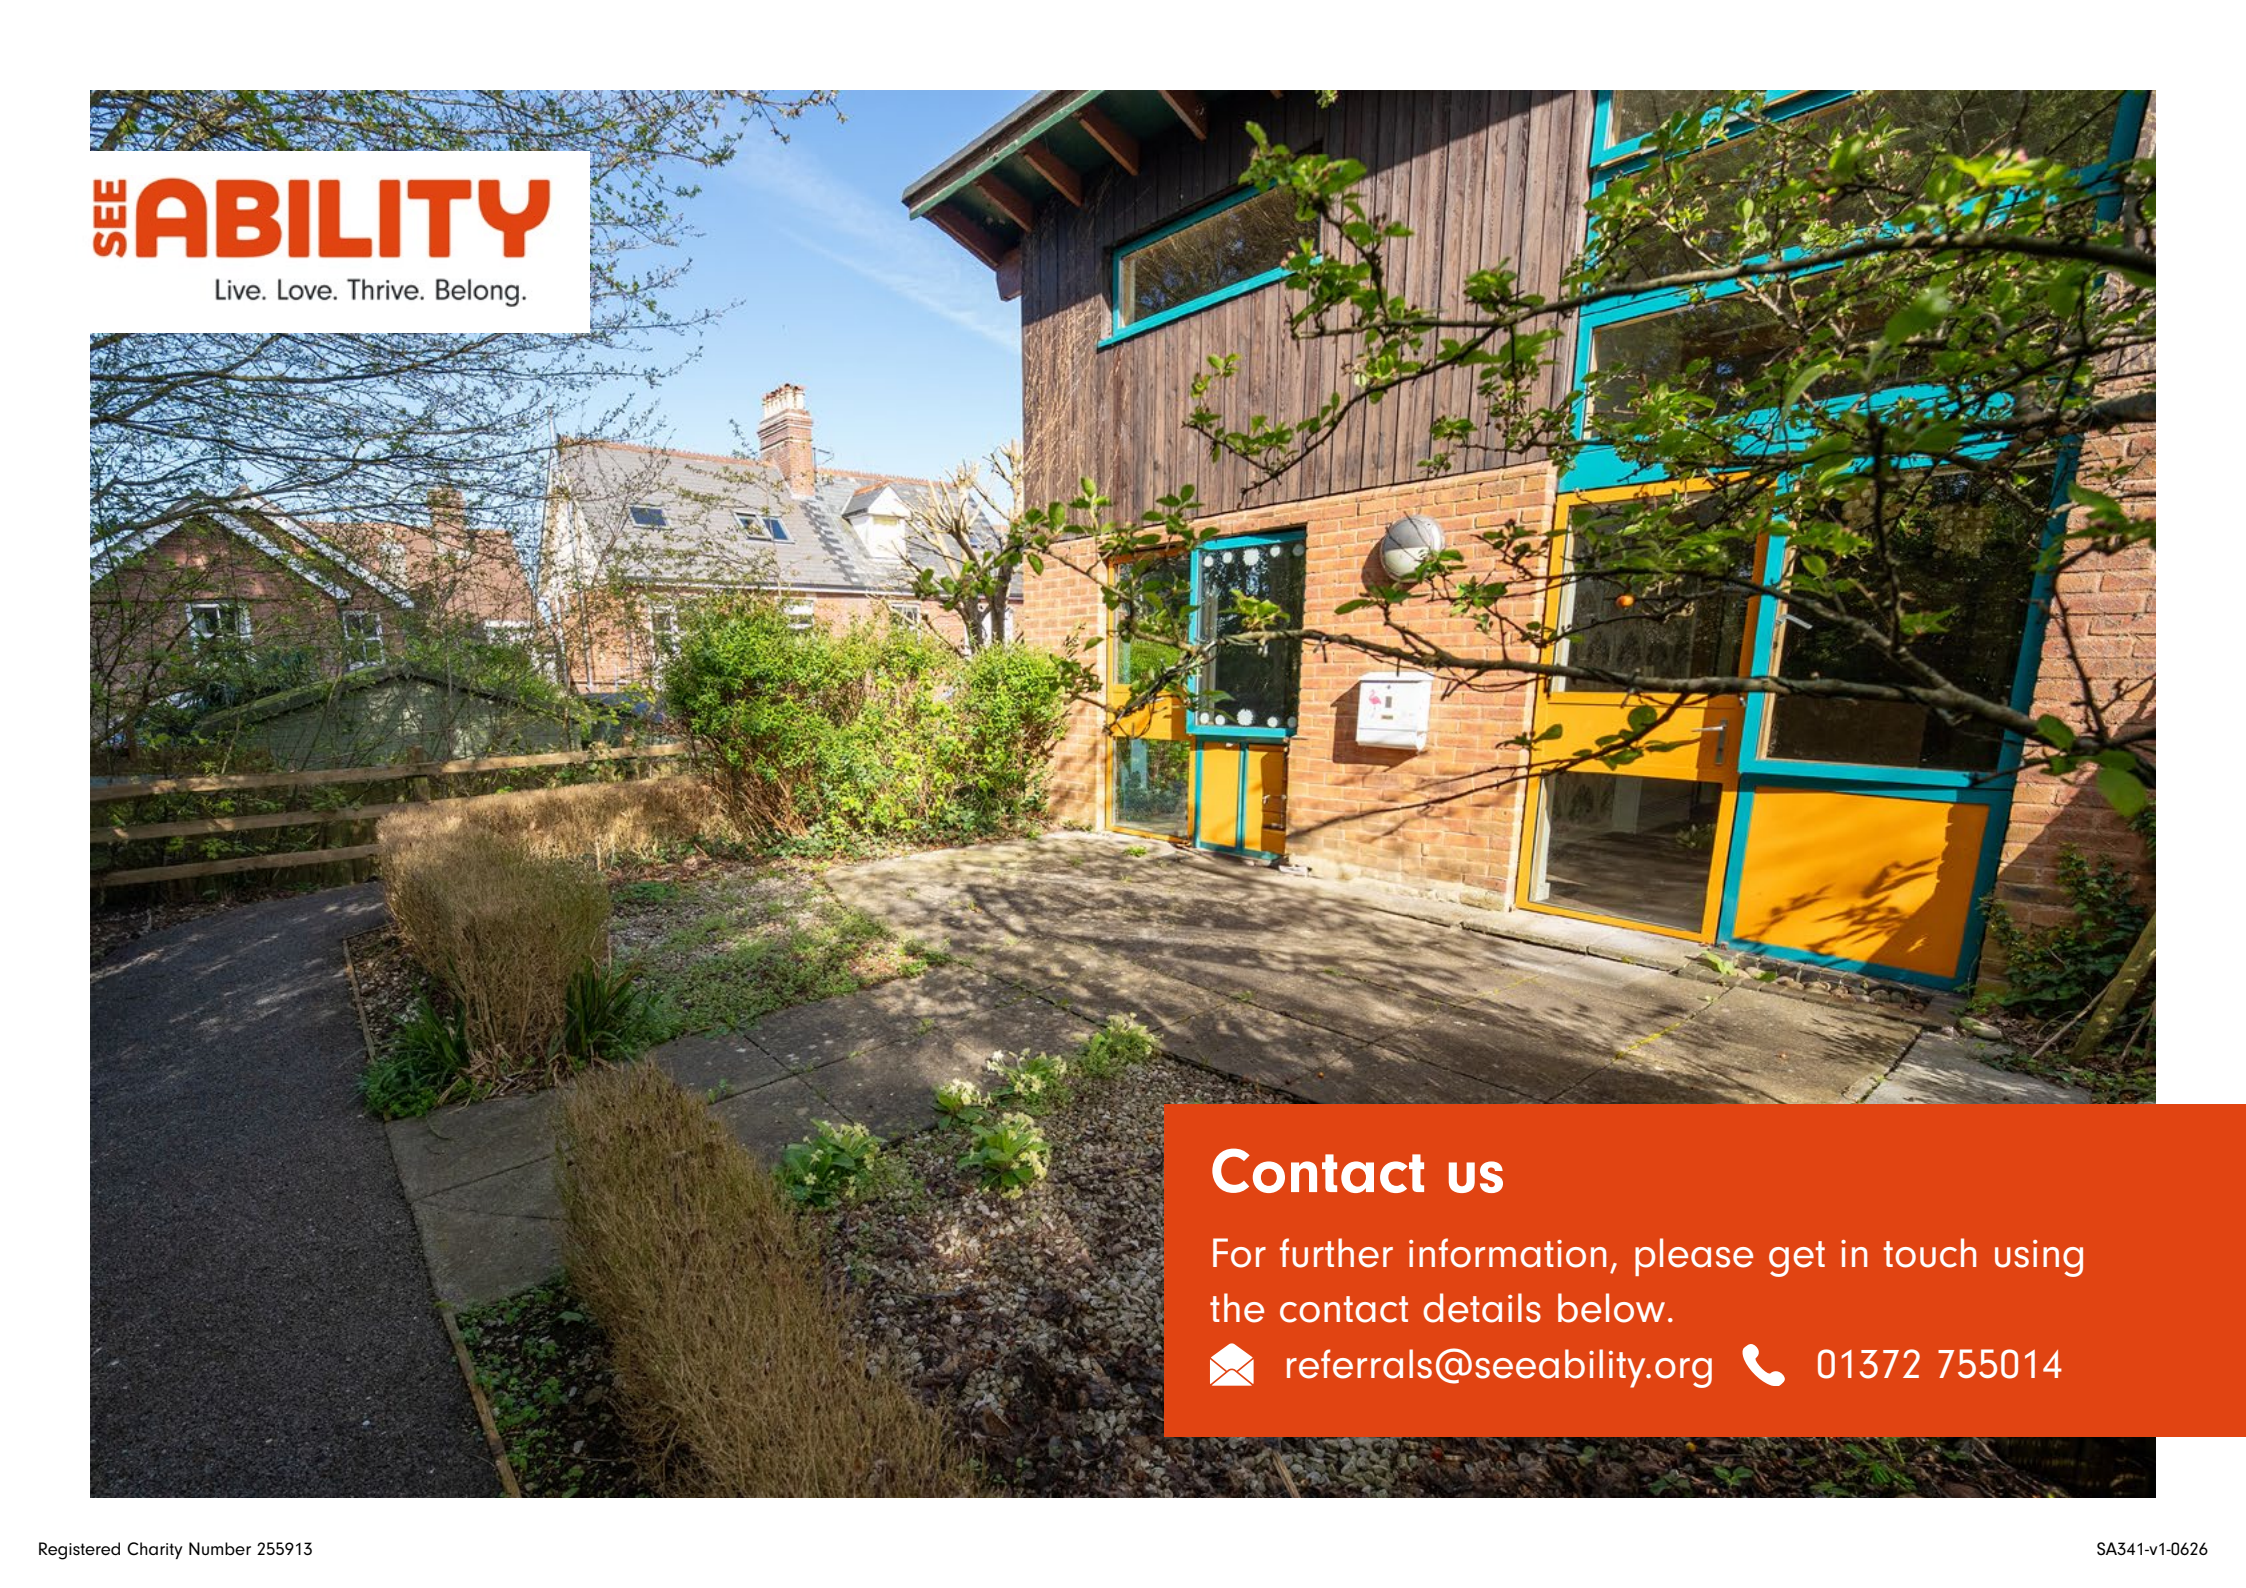

There are also SeeAbility-wide programmes that people can get involved with. Our Ready, Willing

and Able programme supports people to find paid employment and build careers, and the Listen Up team brings together people with disabilities to speak up about issues that matter to them.

A short walk away from Honiton High Street, there's always something new to enjoy in the town centre. A firm favourite is the Honiton 729 Club, which provides a wide range of social events each week – including discos, karaoke, bingo and theatre performances.

Honiton is well-connected, with direct train links to London and easy access to Exeter. The Jurassic Coast is only a short drive away, offering day trips to the seaside and some of Devon's most stunning scenery.
