About SeeAbility

SeeAbility has a strong heritage – in fact we're one of the oldest disability charities in the UK. We've pioneered specialist support for over 225 years and we're passionate about supporting people with disabilities to achieve their goals and live inclusive lives in local communities.

At the heart of our work is supporting people to live ambitious and fulfilling lives. Whether that's forming more friendships and relationships, trying new experiences, or finding paid employment, we're committed to creating opportunities for people with learning disabilities, autism and sight loss.

Our committed team of specialists work alongside our support teams, providing a unique combination of vision rehabilitation expertise and positive behaviour support in supported living accommodation and residential homes located across the south of England.

The supported living environment in Surbiton, through Surrey Support Service, specialises in supporting adults with learning disabilities and complex health needs including epilepsy and peg care. People living there are supported to build the lives they have always dreamt of, learning new skills and striving for their ambitions.

Our location

"Just across the river is the world famous palace of Hampton Court, and the beautiful parks surrounding it."

Accommodation

The supported living environment in Surbiton is in a supported living house across two floors with a stair chair. The spacious room on the first floor has an accessible en-suite wetroom.

There are also communal spaces, including a lounge and a recently extended kitchen, where people can socialise with their neighbours and host family and friends. The house also has an award-winning sensory garden that featured at Chelsea Flower Show, providing a beautiful and relaxing space for everyone living there.

Our specialist support

SeeAbility is unique in providing in-house specialist support, including vision rehabilitation and, where commissioned, positive behaviour support (PBS). Our focus is on encouraging people to challenge themselves to achieve their own goals and get the most out of life, while supporting increased independence and choice.

Active support

Our teams are trained in Active Support, an approach to support that focuses on empowering people to take part in every day tasks, helping them to build their independence, confidence and skills.

This approach, across our homes, means our support is always challenging people to achieve more and take control of their lives.

Positive behaviour support

Our PBS specialists carry out functional assessments of any behaviour that is challenging a person and their team, working alongside the person supported, their family, and their support team. They work collaboratively to develop functionally equivalent skills, so the person can communicate in ways that meets their needs in a safe way.

Vision rehabilitation

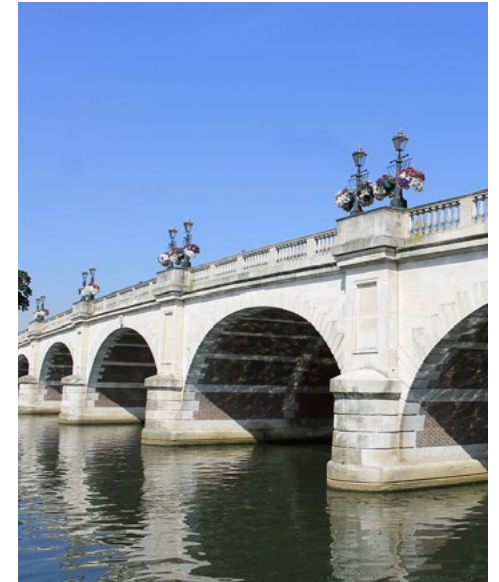

Our PBS specialists carry out functional assessments of any behaviour that is challenging a person and their team, working alongside the person supported, their family, and their support team. They work collaboratively to develop functionally equivalent skills, so the person can communicate in ways that meets their needs in a safe way.

Please note: PBS services are reliant on specifically commissioned funding. Please speak with your SeeAbility contact if you would like the support to include these.

Finding community in Surbiton

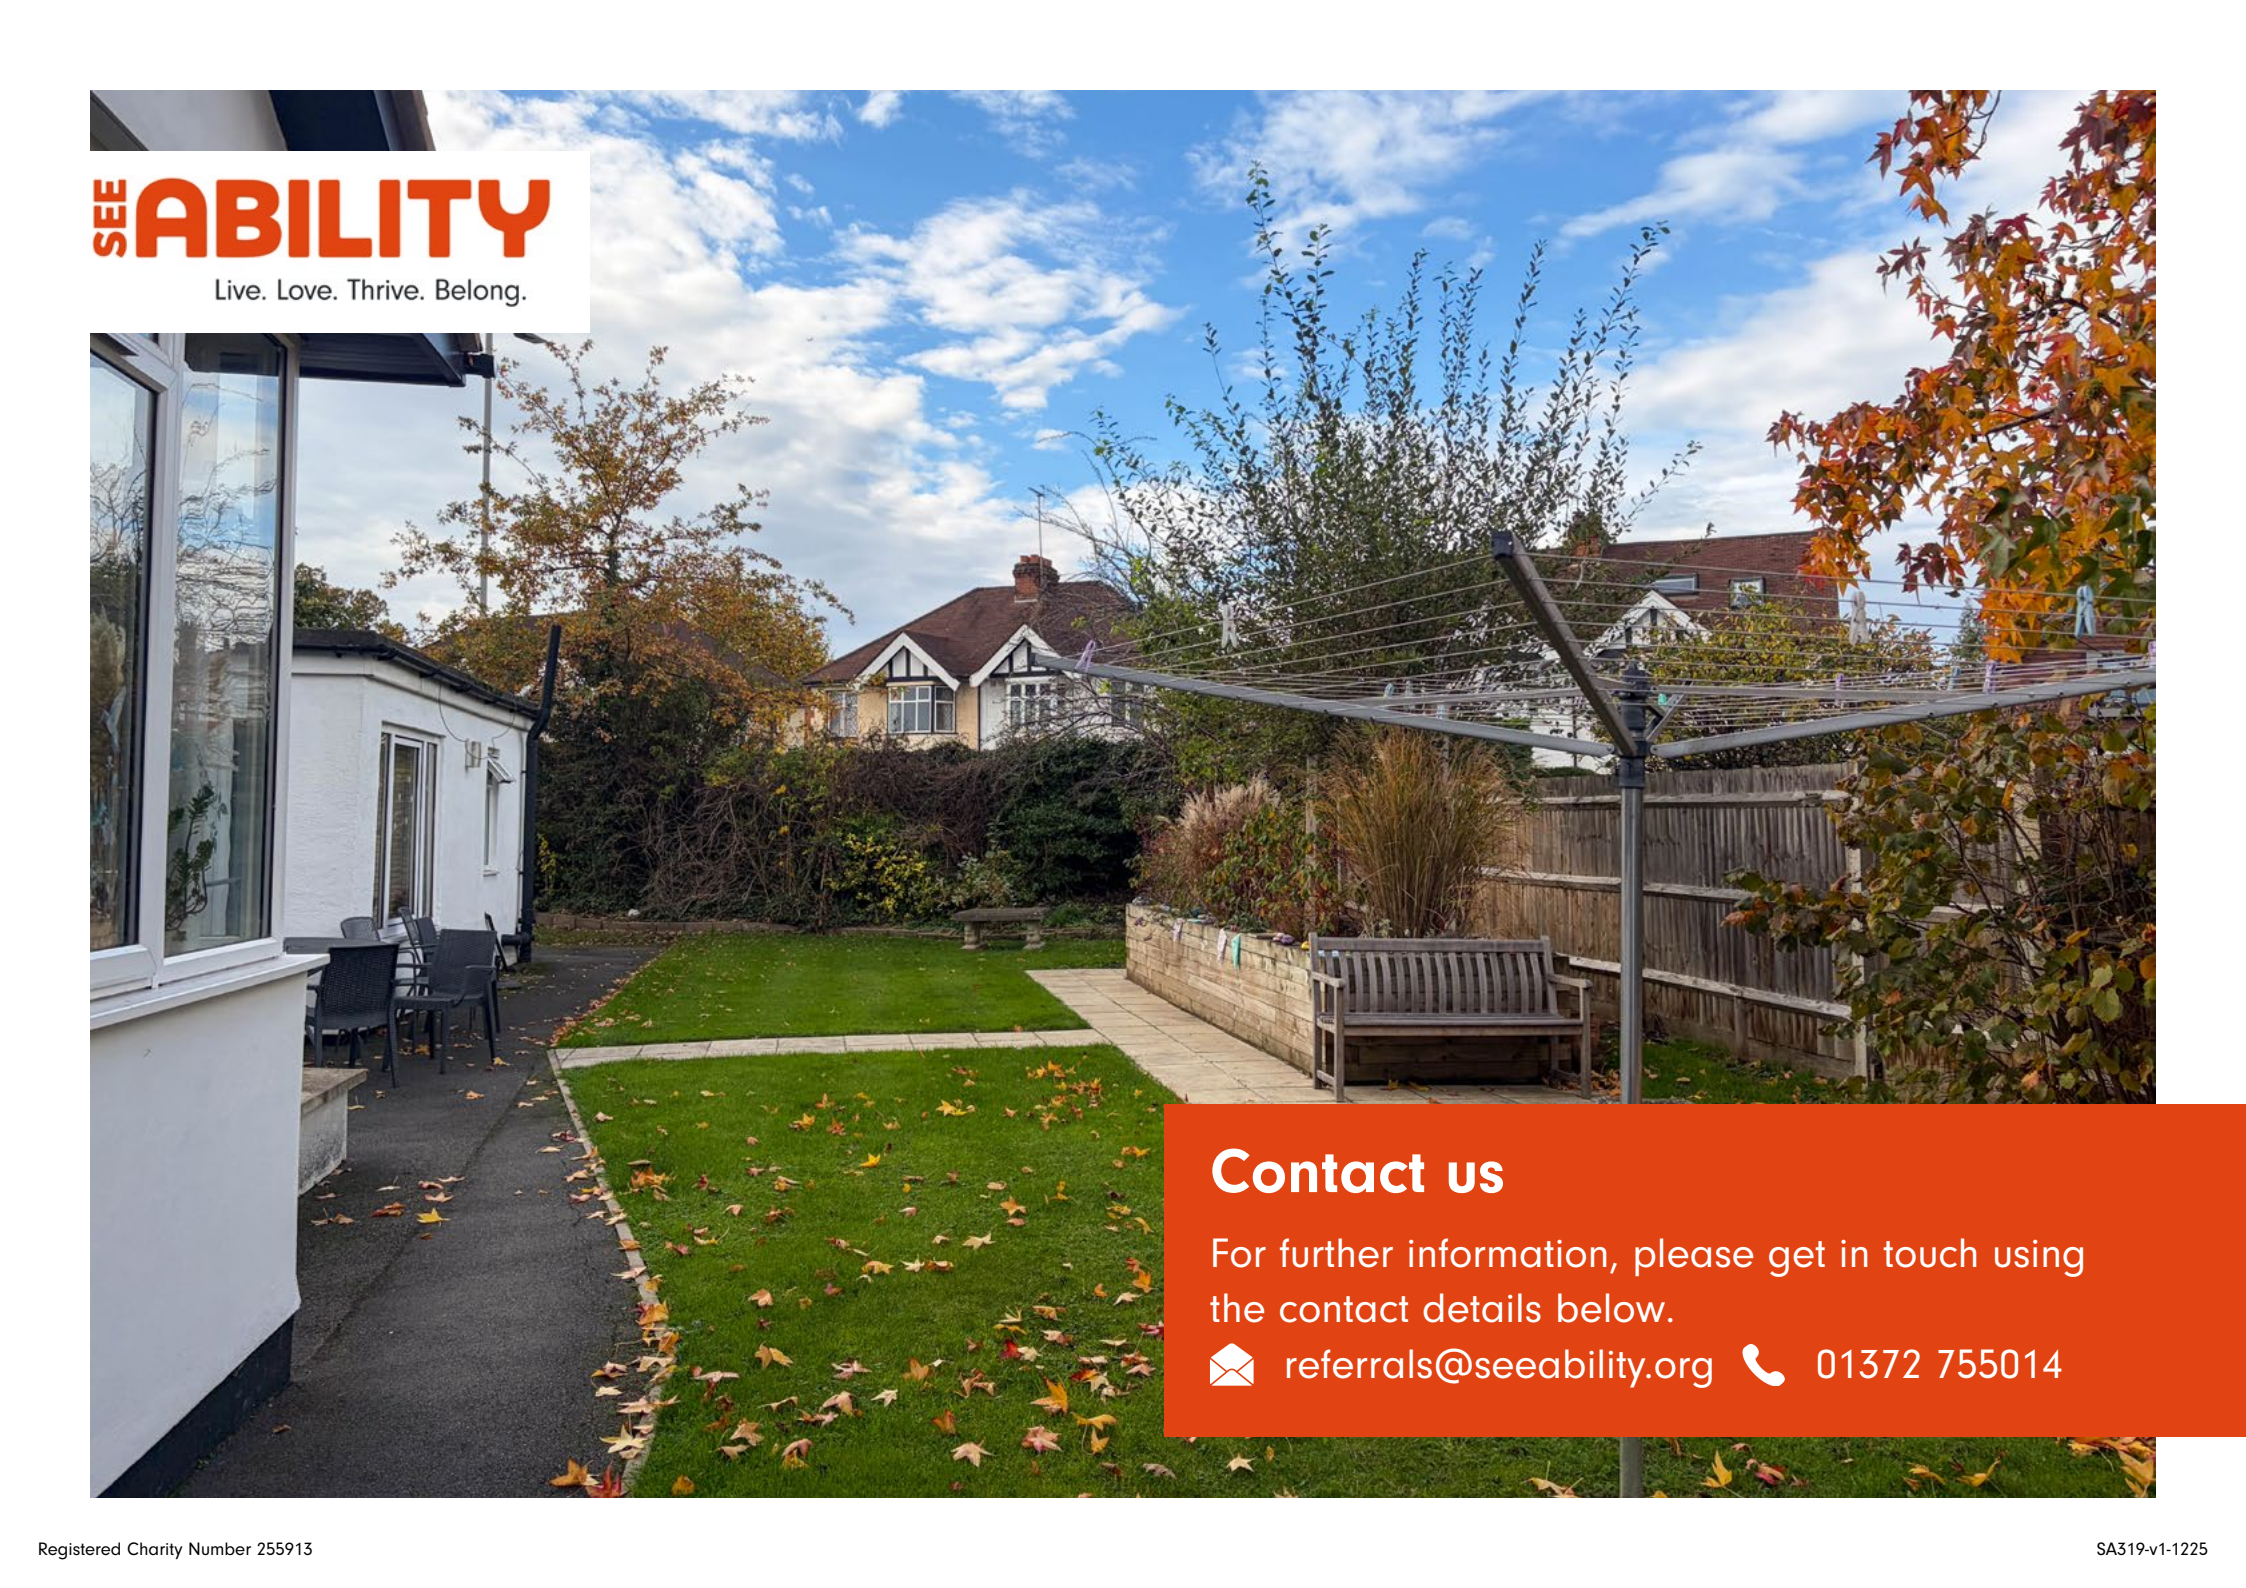

People supported in Surbiton make close friends both among their neighbours and in the local area. We have a thriving volunteer programme, with many long-term volunteers building long-term friendships with people we're supporting.

The home is situated in a quiet but friendly neighbourhood. There is a hydrotherapy pool within three miles of the home, where people can exercise no matter their accessibility needs.

Just across the river is the world famous palace of Hampton Court, and the beautiful parks surrounding it. Surbiton also has excellent transport links to London, so anyone can be in the capital within an hour.

There are also SeeAbility-wide programmes that people can get involved with. Our Ready, Willing and Able programme supports people to find paid employment and build careers, and the Listen Up team brings together people with disabilities to speak up about issues that matter to them.
